➢**Dedication of the New House**……...		Various

**Immediately following the conclusion of dedication ceremonies, there will be a brief meeting of the NCFHA Board in the Alumni Room.*

This event marks the official start of a new era for the NC State Chapter following 35 years in the old Elizabeth Lawrence house which stood on this same property. Conceived and framed by the slogan, "BUILDING FOR THE NEXT 50 YEARS", the NC Alumni Association Board begin the task of accessing options for a new residence in 2000. Early in 2003 a final decision was reached to boldly proceed with architectural and funding plans. In November 2003, ground was broken to begin construction; by the following August the Chapter received its Certificate of Occupancy from the City of Raleigh.

The active brotherhood began moving into the new house on August 13th. The first Rush in the Chapter's new home completed in early September, and was a great success with an impressive Fall 2004 Pledge Class of 10 prospective new members.

The events leading up to today's dedication has been an amazing process. For those of you who witnessed this transformation in person or through our website, you have an idea of the huge scope of this undertaking. But behind the scenes, countless hours of tireless and selfless work by Board and Building Committee members was poured into the project. The Brotherhood's heartfelt thanks to each of you for your personal sacrifice of... *Time, Pleasure, and Comforts.* And to each of our Member, Family, and Friend donors, your generous gifts have made "the dream" become reality. Thank you for your past and continuing support which is so vital to our chapter's future success.
